29- Quando estou no café com os colegas, olho frequentemente para o relógio, e tenho a sensação de ainda ter muitas coisas para fazer, não devendo estar ali.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Eysenck Personality Inventory (E.P.Y)

INSTRUÇÕES

De seguida, encontram-se algumas perguntas acerca da maneira como reages, sentes ou actuas. À frente de cada pergunta existe um espaço para a resposta «Sim» ou «Não».

Tenta decidir se «Sim» ou «Não» representam a tua maneira habitual de agir ou sentir; então, desenha uma cruz no quadrado da coluna «Sim» ou «Não». Responde depressa e não fiques muito tempo a pensar sobre a pergunta; desejamos a tua primeira impressão e não o resultado de um longo juízo sobre o assunto. A resposta a todo o questionário não deverá tomar-te mais do que alguns minutos. Assegura-te de que não saltaste nenhuma pergunta. Começa o questionário, responde depressa e a todas as perguntas, não há nem perguntas certas nem erradas, pois isto não é um teste de inteligência ou aptidões, mas sim uma medida da maneira como reages.

INVENTÁRIO DE RESOLUÇÃO DE PROBLEMAS

(Copyright A. Vaz Serra, 1987)

INSTRUÇÕES

Ao longo da vida todas as pessoas atravessam situações difíceis com que se têm de defrontar.

Os indivíduos não são todos iguais ao lidar com os seus problemas.

Cada uma das questões representa uma forma específica de reagir, quando um agente de stress pressiona um indivíduo.

Refere, quando te encontras numa situação difícil, semelhante à que é representada, quais são, das questões seguintes, aquelas que melhor traduzem os teus comportamento habituais.

Coloca uma cruz (X) no quadro que, em cada questão, melhor relata a tua maneira usual de reagir.

Não há respostas certas ou erradas. Apenas existem as respostas possíveis. Responde, por isso, rápida, espontânea e honestamente a cada uma delas. Não se trata de procurar saber o que consideras melhor, mas sim o que se passa realmente contigo.

I – Imagina que tiveste uma discussão séria, com uma pessoa amiga de longa data.

Deves-lhe bastante dinheiro, que já devia ter sido pago, e ainda outros favores. Existem numerosos conhecidos comuns.

Na discussão que tiveram, a razão está do teu lado.

Contudo, a outra pessoa, muito zangada, acabou por te dizer: “Dou-te uma semana para pensares no que me fizeste e me ires pedir desculpa. Se não o fizeres, hei-de dizer aos outros que não passas de um vigarista e exijo-te que me entregues todo o dinheiro que me deves”.

Muito no teu íntimo tem quase a certeza de que a outra pessoa é capaz de cumprir o que está a dizer. Sabes ainda que não tens todo o dinheiro que precisas para lhe devolver. Conheces bem que muitos dos seus amigos comuns são capazes de acreditar no que o outro lhe disser.

Esta situação é susceptível de se prolongar ao longo do tempo, envolvendo indivíduos com quem lida todos os dias.

O assunto resolver-se-ia se tivesse uma conversa séria com essa pessoa, em que fosses capaz de esclarecer, de uma vez por todas, os mal-entendidos. É natural que essa conversa fosse, pelo menos de princípio, bastante desagradável. Mas é possível que pudessem voltar a fazer as pazes, a serem amigos como dantes e a ser adiado o problema da dívida.

Contudo, ao relembrar o que se passou, por um lado, sentes-te ofendido com a prepotência da outra pessoa, por outro lado, receias as consequências.

É um problema que não sabes bem como vais resolver.

Numa situação deste tipo tens tendência a pensar:

	Não Concordo	Concordo Pouco	Não Concordo nem Discordo	Concordo Muito	Concordo Plenamente
1- Vou deixar correr esta situação; o tempo ajuda a resolver os problemas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2- Numa situação deste tipo o melhor é evitar encontrar-me com o indivíduo e não ligar ao que possa dizer ou fazer.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3- Não vou permitir que este acontecimento interfira no que tenho de fazer no meu dia-a-dia.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4- Se não me tivesse comportado daquela maneira, isto nunca teria ocorrido; tive toda a culpa no que aconteceu.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5- Vou-me aconselhar com pessoas amigas para saber o que fazer.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

II- Considera agora que aconteceu uma situação da tua vida em que ocorreu uma perda económica substancial.

Imagina, por exemplo, que segues numa estrada, com um veículo novo, acabado de comprar com a ajuda de um empréstimo grande e com bastante sacrifício. Uma camioneta, a certa altura, vem contra ti e o teu carro fica bastante danificado. A camioneta põe-se em fuga, não és capaz de lhe ver a matrícula, não consegues sair do local em que te encontras e não vai ninguém a passar que possa servir de testemunha.

Pensas então no transtorno que tudo isto causa à tua vida, a despesa que representa, tendo na altura bastantes dificuldades para a poderes enfrentar. Acabas por apanhar uma boleia de uma pessoa que por ali passou, bastante tempo depois, e segues para casa.

É um problema aparentemente sem solução e que te causa dano.

Numa situação deste tipo tens tendência a pensar:

	Não Concordo	Concordo Pouco	Não Concordo nem Discordo	Concordo Muito	Concordo Plenamente
6- Estou perdido; este acontecimento deu cabo da minha vida.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7- O melhor é não fazer nada, até ver onde isto vai parar.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8- Lá por isto me ter acontecido, não vou deixar que a minha vida seja constantemente interferida por esta questão.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9- Apesar de tudo tive muita sorte; as coisas poderiam ser bem piores do que realmente são.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10- No fundo reconheço que me comportei de uma maneira estúpida; devido a mim é que este problema está como está.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11- Vou pedir conselho aos meus amigos para poder sair deste problema.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

III- Sentindo-te uma pessoa competente, em determinada área, vais ser posto à prova, daí algum tempo, numa situação competitiva importante.

Verificas, entretanto, com estranheza, que há um indivíduo que anda a diminuir-te e a dizer aos outros que és uma pessoa que não vales o que aparentas.

Este facto ofende-te mas, daí a três meses, vais poder provar, aos olhos de todos, se és ou não um indivíduo capaz.

Numa situação deste tipo tens tendência a pensar:

	Não Concordo	Concordo Pouco	Não Concordo nem Discordo	Concordo Muito	Concordo Plenamente
12- As pessoas hão-de sempre dizer mal de mim; que azar o meu.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
13- Não me vou aborrecer com esta situação; o tempo há-de correr a meu favor.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
14- Estou-me a sentir destruído pelo que me está a acontecer; não vou conseguir desenvencilhar-me desta situação.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
15- Vou pensar com calma sobre este assunto, de modo a que possa sair-me bem e, ao mesmo tempo, calar aquele indivíduo.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
16- Com o que me está a acontecer o melhor é evitar por agora submeter-me às provas, em que podem ver como me saio, de forma a que o acontecimento seja esquecido.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
17- Se querem guerra, tê-la-ão; não posso deixar de lutar por aquilo que para mim é importante.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
18- Acho melhor perguntar aos meus familiares o que devo fazer para resolver este assunto.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
19- Sinto que tenho a responsabilidade daquilo que agora me está a acontecer.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
20- Vou pedir conselho, a amigos meus, sobre a melhor atitude a tomar.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
21- De modo algum me deixo esmagar pelo que me está a acontecer; hei-de remover os obstáculos, uma a uma, até provar aos outros que realmente sou uma pessoa capaz; sei que hei-de conseguir.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

IV- Quando me sinto tenso, a fim de aliviar o meu estado de tensão:

	Não Concordo	Concordo Pouco	Não Concordo nem Discordo	Concordo Muito	Concordo Plenamente
22- Passo horas a ver televisão, sem querer fazer mais nada.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
23- Raramente consigo passar sem tomar medicamentos que me acalmem.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
24- Meto-me na cama durante longas horas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
25- Procuo fazer uma pequena soneca, pois sinto que, nessas ocasiões, tem em mim grande efeitos reparadores.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
26- Desabafo com alguém, procurando que, ao fim, essa pessoa tome o meu partido e me ajude a resolver as dificuldades.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
27- Dá-me para partir tudo o que tenho à minha volta.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
28- Chego a bater em mim próprio.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
29- Raramente deixo de pedir ajuda profissional, a uma médica ou a um psicólogo.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

V- A minha maneira de ser habitual leva-me a que, não só nestas situações como em todos os meus problemas, tenha tendência a:

	Não Concordo	Concordo Pouco	Não Concordo nem Discordo	Concordo Muito	Concordo Plenamente
30- Pensar continuamente sobre todos os factos que me preocupam.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
31- Não fugir do confronto com as situações que me são desagradáveis.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
32- Adaptar-me com facilidade às pressões psicológicas e exigências da vida de todos os dias.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
33- Não deixar de lutar, quando quero atingir os meus objectivos.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
34- Conseguir pôr em prática os planos que arquitecto para resolver os meus problemas.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
35- Reconhecer que sou, com frequência, vítima dos outros.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- 36- Ter sempre coragem para resolver os problemas da minha vida, mesmo que por vezes me incomodem bastante.
- 37- Envolver-me naquelas acções, de resolução de problemas, que tenho a certeza não me deixam ficar mal.
- 38- Permitir que os objectivos principais da minha vida sejam facilmente interferidos pelos problemas com que me defronto.
- 39- Ver sempre os aspectos negativos, mais do que os aspectos positivos dos acontecimentos.
- 40- Preferir, num problema desagradável, procurar obter informação e tentar resolvê-lo, do que estar a evitá-lo.
